January 3, 1927.

Mr. Charles A. Lorang,

c/o The Old National Bank and Union Trust Co;

Spokane, Washington.

Dear Charles:

Your short letter with Home Telephone Company Dividend Check for $15.00 enclosed has been received--I have passed the amount to the credit Mary A. Lorang, Executrix as requested and I have filed the duplicated deposit slip with her papers.

Now Chares I am enclosing to you a few checks for you to use in checking on the Estate Balance—I am only sending the blank checks Charles—These fit a large binder in which a record of each check is kept but I thought it not necessary to sent this big binder along, I can record each check as they come in in this so to keep the proper record, now if this is not satisfactory and you wish me to send this to you I will gladly mail same if you will drop me a line, I felt that all that you would need would be the checks and I can easily make the entries here as the checks come in and file them with the balance of the papers. When Grandma (Mother) left her balance was $100.00 and since she has been gone one check for $20.00 has been paid leaving $80.00 in the account now adding the $15.00 you just sent it leaves her $95.00 in this account Charles. If Mother need any money Charles I will be glad to let her have it as I did before—Now I am not trying to cause her to borrow anything she doesn't need, however, I want her to know she can get what she needs any time.

The Holiday season is over and I am not sorry of it, it is a pretty hard thing to pass up all these good eats, drinks etc.,

These holidays in the bank cause us plenty of worry, lots of checks roll in after you start going again and then it is the close of the year so this brings extra duties, on top of all this todays mail brought ma asset of blanks for a call report for the close of business December 31, 1926- so you will appreciate I will be busy the next few days getting this out of the way.

Well Boy we all send best wishes for Happy Prosperous New Year to you all from us all.

Brother,

(Peter)
