Dear Pat,

Hi Honey, I hope you didn't faint when you got this letter. Well here I am in Biology, she gave us some work to do in the book, but I forgot my book so she told me to work in the workbook but I didn't feel like it, and besides I can't without my book, to look the answers up in.

Well I hope you got safely back, without too much trouble. Tell Mitzie and Doris hi for me, oh yes and Steve and John too. Please! Ha Ha.

I or rather Joan got my suit cut out. Vonnie has hers just about done.

Say I never did find those negatives, but if I do I'll send them to ya. I'll look at home to nite. If I find them I'll send 'em to ya in this letter. Say by the way how is your little English teacher coming And how is Weldy? Fine I hope. Have you heard from that friend of La Vonnes friend yet? I can't remember his name, but what ever it was, you know.

I asked Miss Oakley if I could use her book a little while ago and she said no, she was using it. But all she does is stare out the window, I haven't seen her read one page yet. And she probably won't either. She sure makes me mad.

Remember when I told you I was going to try to quit Health and Biology and take Home Ec and Journalism? Well he wouldn't let me quit either cause they're both academic. I told him I wanted to go to college and so he wouldn't let me quit. Oh well I guess I can take it.

I sure hope you don't mind the cute pencil ad stationary. I always come to school unprepared, but being your so sweet I know you won't mind.

Last night we played Oro' Fino but we lost by three points. Last year Oro' Fino got the state and they only lost one player. So I think we did pretty good. Don't you?

We play Elk River tomorrow nite I know we'll beat them! Saturday nite we play Pullman. I'll bet we beat them too!

Well Honey Miss Oakley is eyeing me and best I pretend to be working in my workbook. I'll see you and be sure to write.

Love Mae.

Tell Mitzie and Doris Hi and give them my love.

Hi again - Monday Morning

I forgot to take this home so I couldn't mail it. Yesterday we had a shower for Lois. Saturday Joan, Robbie and I went to Moscow. And got stuck and didn't get home until after midnight. So we had every speck of house cleaning to do yesterday. We all got up at six and Joan washed and put up her hair and baked two cakes while I cleaned the house. I'm tellin ya it was really a mad house.

By the way Carolyn, Vonnie and I might come up one of these days. But don't plan on it. Carolyn might get Joe's car. I sure hope so.

Well I'll really mail this so now I'll say good bye and loads of love,

Mae

P.S. I forgot to get those negatives, but I'll send them cause now I'm at school and want to get this mailed.
