NORTHERN PACIFIC ENGINE LEAVES TRACK AT COLTON

Continued rains so softened the roadbed of the Northern Pacific railroad on the Genesee branch, that the locomotive and tender of the train operating on the line, left their track Saturday afternoon at 5:10 o'clock, the cause of the accident being the spreading of the tracks on the grade a short distance west of Colton where the locomotive still rests.

The locomotive was making a special run to return a work train to Pullman and was traveling backward and at a slow speed when the accident occurred. The tender left the tracks first and after bumping over the ties for perhaps 50 yards, it jack-knifed at the coupling, and tumbled onto the grade, causing the engine to topple even further and come to a rest on its side, with the drivers almost straight up, as they loosened themselves from the boiler frame, and the only damage was to this part of the equipment. Engineer Roselle and Fireman Leath were aware of their position when the tender left the tracks and the former cautiously applied the air for brakes but was unable to hold the locomotive on the grade. Neither was hurt, and strange as it may seem, two dozen eggs in the box under the seat of the fireman were unbroken. No breaks occurred in the boiler, and on examination it was found that not even the water gauge glass was broken. Eight cars, comprising the train of the work crew, did not leave the tracks and the same day a crew was dispatched from Pullman to clear the track as a small portion of the tender protruded, and also returned the work train to Pullman for dispatch to other places on Northern Pacific lines where floods and landslides were taking out bridges and hindering traffic.

Regular service was maintained Monday, by the dispatch of an engine from Pullman, the train arriving in Genesee Christmas morning at 6

U. of I. Basket Ball Club.

Five lettermen and five of the most promising new men are touring the southern part of the state, as the basketball team representing the University of Idaho. Coach Rich Fox has named the following for the holiday trip: (*denotes letters won) *Geraghty, Cyril, guard; *Geraghty, Wallace, forward; **Grenier, Howard, center; *Horton, Herman, guard; Iverson, Norman, guard; Katsilometes, William, forward; Klumb, Harold, center; Naslund, Glenn, forward; *Shurtliff, Wesley, guard; *Warner, Victor, forward.

SLAUGHTERING HOGS FOR SALE REQUIRES A REPORT

Many Idaho farmers are unwittingly violating the Agricultural Adjustment Act in regard to the slaughtering of hogs for sale, and are liable under federal law to heavy fines and imprisonment, according to the Collector of Internal Revenue who has sent the Genesee News a limited supply of the forms to be used in making the required returns of tax by persons slaughtering hogs for sale. These forms may be obtained by persons interested upon request to this office therefor. Forms may also be obtained at any time upon request to the Collector of Internal Revenue, Boise, Idaho.

The tax on hogs became effective November 5, 1933, and every farmer, meat market, slaughter house or packing house plant slaughtering hogs for sale since that date, is required to make monthly returns thereof, and pay the tax due, to the Collector of Internal Revenue, Boise, Idaho.

The processing tax as of November 5 is at the rate of 50 cents per 100 pounds live weight; as of December 1, \$1.00 per 100 pounds live weight; as of January 1, \$1.50 per 100 pounds live weight; and as of February 1, \$2.00 per 100 pounds live weight.

It should be remembered that this

Greetings

IT IS OUR HEARTY WISH THAT THE COMING YEAR WILL BE THE BEST YOU HAVE EVER KNOWN BUT NOT THE BEST YOU EVER WILL KNOW

It is our hope that the New Year will bring to you and all those dear to you, a full measure of good health, happiness and prosperity.

Nineteen Thirty-three has been a difficult year for most of us. But we wouldn't have missed it for the world. It has given us a keener sense of human values. It has brought out qualities in us which we never before realized we had, and above all, it has taught us the value of friends, and shown us who our true friends really are.

For that we should be thankful. While we may not have made all the money we could have used, we are wealthy just the same. We have our health. We have our families. We have our good friends. In spite of all the calamity howlers the United States is still the richest country in the world today. Our people are facing the future with courage and optimism, and we hope America is on the way to the greatest prosperity it has ever known.

December 21 Was Shortest Day.

Last Thursday, theoretically, was the shortest day of the year, the winter solstice making its bow on that day and the sun went down a mite earlier than any other day in 1933. Several other days of last week had so nearly the same number of sunshine (?) minutes that it is difficult by observation to determine the actual shortest day.

Beginning Saturday of last week, however, the sun is supposed to rise earlier and afford more daylight minutes.

GENESEEE LOSES BASKET BALL GAME TO CULDESAC

Culdesac high school boys came through with more scores to win a nip-and-tuck basket ball game here 20 to 17, Friday evening of last week. From the first whistle to the final it was a question as to whose guard would weaken enough to allow the basket that might win the game.

The ball went to Genesee on the first tip-off and a couple of shots gave Culdesac their first chances which netted a score when Coan, Culdesac's lank center followed up a shot and batted the ball in. Broemeling tossed in a fool shot for Genesee's first score.

The lights went out when two minutes of the quarter were left to play, and as the time ended for the first period Genesee was leading 7 to 5.

Th Genesee boys had difficulty finding openings in the five-man defense used by the Pocket City five who kept their hands outstretched across the floor.

The ball was in Genesee's possession at least half the time but fumbles beneath the basket proved costly in at least five instances.

The outstanding playing of Blume, acting captain for the game, was interesting to watch. He led the scoring column with nine points and held the reputed Coan to six, getting the tip more times than his half at center. Springer at forward had tough luck

SNOW GREET'S SANTA CLAUS ON HIS ARRIVAL IN GENESEEE

Youngsters residing in the Inland Empire were able to suppress their fears of a "black" Christmas when it began to snow Saturday afternoon and continued throughout Sunday and Monday, covering the ground in the Genesee territory to a depth of about five inches. The snow fell gently and without wind the covering was even and pure white. A more beautiful Christmas could not be expected. Christmas at certain points in the Inland Empire, however, was not so joyful, as continued rains for the past few weeks, caused rivers to overflow their banks, driving many from their homes.

Christmas, locally, was pleasantly observed in all churches. At Genesee excellent programs were given, on Friday evening at the Congregational church, Saturday evening at the Christian church, Sunday evening at St. John's Lutheran church and at midnight services were held at St. Mary's church. The Genesee Valley church presented a program Tuesday evening.

Among those celebrating Christmas in their homes were: Mr. and Mrs. Frank Densow entertained on Christmas day, Mr. and Mrs. Mark Heath and daughter, and Curtis Heath of Oranville; Sam Heath and Bill Heath and Miss Beatrice Hall of Spokane.

Mrs. Margaret Bottjer and Miss Maggie Bottjer had as their guests Miss Mayme Phillips, Allen Engle and Jess Myers, all of Lewiston.

Mr. and Mrs. Wm. Rader entertained Mrs. Julia Gage, Louice and Ernest Gage of Culdesac, Glen Gage and Donald McClain of Lewiston; Mr. and Mrs. Oscar Rader and family of Troy; Donald Rader of Walla Walla, Mr. and Mrs. Frank Green and family, Mr. Amalia Rader, Florence and George Rader, Mr. and Mrs. Robert Erikson and family, Mr. and Mrs. Elmer Johnson and family, Robert Rader and Ernest Ditzman.
