Hello:

Well what do you know, I finally got down to writing to you. How is everyone anyway? I have been trying to write for several days now, 15 or 20, and haven't been getting much of any place.

Things are going along quite well as far as I am concerned. I am not making as much money as I was for a while, business isn't as good as it could be. It seems though as if I never get time for anything except work, school, and sleep. It is getting pretty tiresome working and studying, seems as if I am not getting any place, everything is going in circles.

In a week or two I will finish all my Bookkeeping and Letter Writing. I have already finished everything else but, Telephoning, and Mimeographing plus a few short and relatively un-important subjects. It will be but a short while now until I will be finishing up. Boy, does that sound good to me.

I haven't decided, as yet, just what I am going to do when I do finish but I do know that I will not stay long in Spokane, unless, I get a very good offer here.

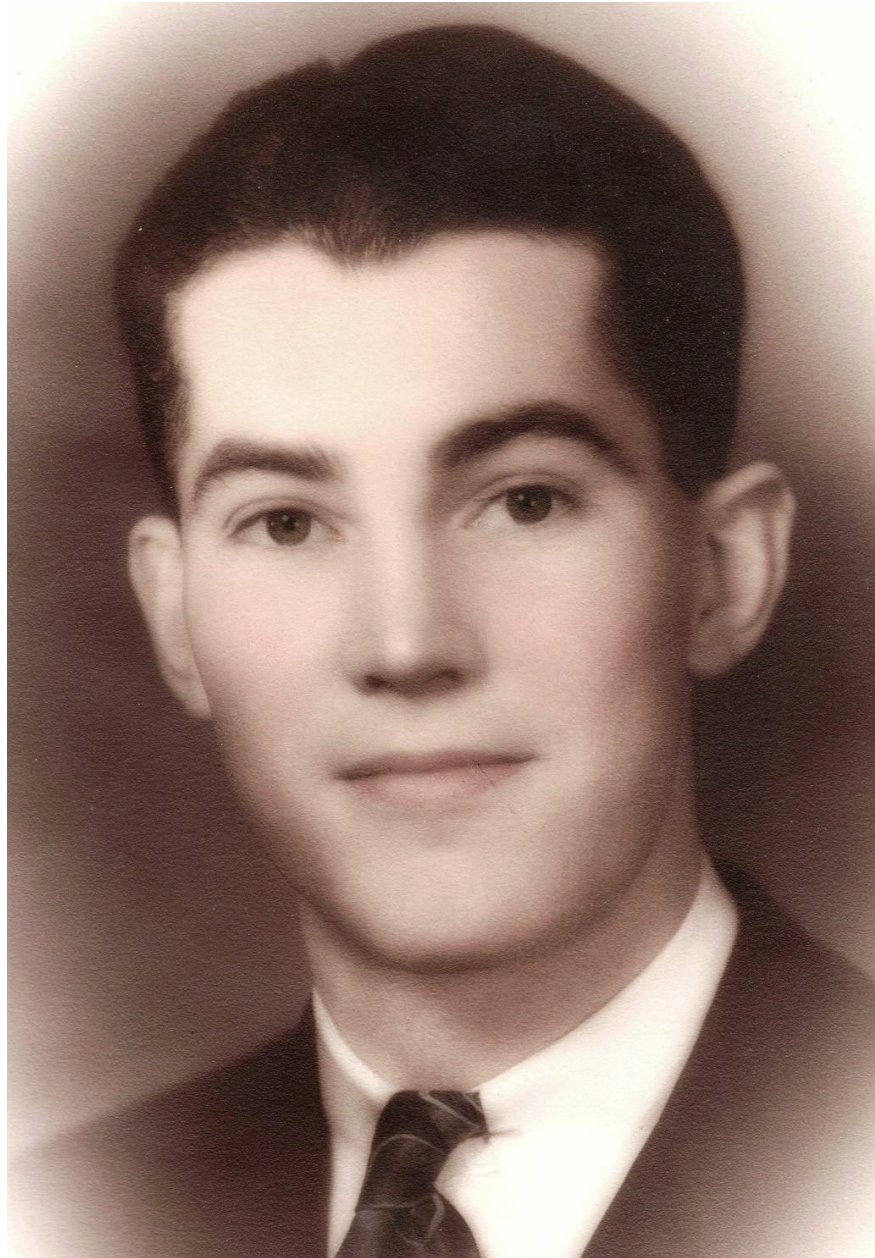

How are things going down there? I would like to come down for a few days again, maybe I can arrange it in a month or so.

Yesterday I didn't have to work all day for a change so I went up to Uncle Charles'. I fooled around up there and had dinner with them, and then they brought me down town and I worked last night.

Why don't you come up for a few days. You could get away that long. No, don't say you can't, I know all the arguments, and also, the answers. You ought to take a couple days off and drive up. The change would do you good. Maybe you could stay a week. That wouldn't be too hard if you

made up your mind to it. I know how easy things are after one makes up their mind to them. Well there goes the bell so I better run.

As Ever,
Love
Bob
