Postage Revenue 1 ½, Three Half Pence,
King George V, Great Britain

Private Henry M. Lorang
The Americano Camp
Shawbury, Salop

Tickton 1918
Sept 30th

Dear Friend

You will think it is a long time before I answer your letter but I was so pleased to hear from you and thinking it was so nice for you to get in a farming district and so willing to give a helping hand with the harvest. It has been awful time hear but the farmers have about got all in, but a lot of bad corn it has been so wet, but we have got started to thrash for the season. the corn is turning out pretty good. I have left the old westwood but they are building yet a Petrol house and are talking about a hospital as well. it will be a lot better when there is an accident. it will be much better for the Pilot's so they can look to them. Now I think the war is going on has it can, but it is hard for the poor boys another winter. I wish it was all over. it would be rejoicing, the country seems all upset what one thing and the other.

So if you are having a week off you can come to Tickton for a rest and a look around any time you wish. so pleased to see you once again. so I think there is no more news to tell you. hoping you are well and happy with my best respects from a friend.
